

Kat Arber

Positively California girl

Born and raised in the Golden State, I am a want to be Nomad who has traveled to all 7 continents and am proud to call the Bay Area my home. I am an avid adventurer, seeking out rare corners of the planet when I am not trying new careers. I enjoy diverse and challenging experiences, which shows in the many positions I've held from recreation leader, to firefighter, to finance, to the tech field, and beyond.

I received my bachelor's degree from ASU in Recreation, Tourism, and Hotel Management. I guess you can say I majored in playing. Kidding aside, I feel this has made me a great team player and has served me well in every role in my professional life.
